GunnHacks 2.0

Henry M. Gunn Senior High School
Palo Alto, CA

March 25-26, 2016

Sponsorship Packet

WHO ARE WE?

We are a group of high schoolers from Henry M. Gunn Senior High School. We love computer science, and we think hackathons are the best way to spread the Silicon Valley Hacker Culture.

Last year, we ran GunnHacks 1.0: a huge success, attracting students from across the Bay Area.

WHY SPONSOR?

GunnHacks is an event for the rising creative talent in the Bay Area. This gives sponsors an opportunity to seek out the young, motivated developers that will be building tomorrow's hottest startups. GunnHacks is a venue for you to build your brand's recognition among a new generation of hackers.

How can you help?

As a sponsor, anything you can do will help make GunnHacks an unforgettable experience. Some recommendations are:

— Bring your developers and mentors along! GunnHacks attendees would love to meet the hackers behind the technologies they will use. Additionally, GunnHacks is a wonderful recruitment opportunity.

— Have lots of promotional materials ready: T-shirts, stickers, free hardware, API keys, etc. are great ways to reach out to the hacker community.

— Anything else you can offer! We welcome food, drinks, advertising, or even special prizes.

This year, we're expecting around 100 attendees.
